

## DRWF Non-Clinical Research Fellowship 2012 Call for Applications

Applications are invited from post-doctoral researchers working or intending to work in the field of diabetes. Awards are given for research related to causes, cures or complications of diabetes for a period of up to 3 years, in a recognised institution or department in the UK to a maximum of £55,000 per year, to include a salary, consumables and some support costs.

### **Applicants to submit a Pre-Application maximum 2 sides A4, detailing:**

**Page 1** - Name, qualifications, contact details and present post; Head of Department, where the grant will be held, the expected post of the applicant within the Department, and contact details of the Department; Signed verification of funding application by Head of Department and department/institution authorities stating "I confirm that this application has been read and that, if granted, the work will be accommodated and administered in the department /institution."; Detailed report from applicant and supervisor indicating that the higher degree is likely to be achieved.

**Page 2** - An abstract of the proposed research work (title, research question of about 300 words, relevance to diabetes, expected outcome) using single line spacing and an 11 or 12 point clearly readable font; A lay summary of the research question and any additional information to support the application. **Plus** a brief curriculum vitae on a separate single sheet of A4.

**Submission:** Eleven hard copies and electronic submission by a word document email attachment to: [sarah.brown@drwf.org.uk](mailto:sarah.brown@drwf.org.uk)

**Closing date for Pre-Applications: 5pm, Friday 28th October 2011**

Successful applicants at the pre-app stage will be notified by end January 2012 Full application to be submitted by 12 March 2012. Notification of interview will be made by mid May 2012 with final interviews held mid June 2012. The successful applicant will be expected to take up the Fellowship in October 2012.
