

Diabetes UK - User Representative Research Grants Advisory Group (URRGAG) member

The Diabetes UK User Representative Research Grants Advisory Group is your opportunity to help ensure that Diabetes UK funded research is relevant and important to people with diabetes.

User Representative Research Grants Advisory Group members will get the opportunity communicate their views on grant applications by taking part in:

- meetings of the User Representative Research Grants Advisory Group
- meetings of the Diabetes UK Research Committee

This is a great opportunity to contribute to our work

Who should sign up?

- We want to hear from you if you are a person with diabetes or a carer or parent of someone with diabetes and can demonstrate an interest in research studies, or an understanding of research terminology and process. URRGAG needs representation from:
 - All ages
 - All backgrounds
 - All ethnic groups
 - All types of diabetes
 - All regions of the UK

Interested? For more information, a role description and an application form contact Anna Morris on 020 7424 1835 or email anna.morris@diabetes.org.uk

The deadline for applications will be 15 February 2012.
